# MAHESH SANJAYBHAI DAVE

**Adobe Commerce Team Lead • Certified Expert - Business Practitioner & Developer**

Ahmedabad, Gujarat 380061, India | +91-8780807140 | davemahesh119@gmail.com
Portfolio & Articles | LinkedIn | GitHub | Magento Stack Exchange

## PROFESSIONAL SUMMARY

- **9 years** of hands-on experience architecting, building, and scaling Adobe Commerce (Magento 2) platforms across B2B and B2C, including Adobe Commerce Cloud, Enterprise, Hyva storefronts, Adobe Commerce Optimizer and Adobe App Builder.
- **Team leadership:** currently leading a cross-functional team of 8+ developers, QA engineers, and DevOps specialists across concurrent enterprise implementations.
- **Technical depth:** custom module development, GraphQL and headless/composable architecture, ERP/CRM integrations (Odoo, Salesforce, Jitterbit, n8n, Sanity), and performance tuning across caching, indexing, and Core Web Vitals.
- **AI-forward practitioner:** actively integrates AI-assisted development, LLM-powered tooling, and Model Context Protocol (MCP) into day-to-day engineering to speed delivery and improve code quality.
- **Delivery focus:** translates business requirements into scalable technical solutions, owns solution architecture for pre-sales, and consistently maintains on-time, on-quality delivery in Agile environments.

## CORE COMPETENCIES

- Adobe Commerce Architecture
- Headless & Composable Commerce
- AI-Assisted Development
- Performance Optimization
- Agile / Scrum Delivery
- Cloud Infrastructure
- Stakeholder Management
- Team Leadership & Mentoring
- GraphQL API Design
- ERP / CRM Integration
- Magento Upgrades & Security Patching
- CI/CD Automation
- Code Review & Quality Governance
- Technical Documentation

## TECHNICAL SKILLS

| | |
|---|---|
| **Platforms** | Adobe Commerce Cloud, Commerce (Enterprise), Magento 2 Open Source, Magento 1, Hyva Themes, Adobe Commerce Optimizer, Adobe App Builder |
| **Backend** | PHP 8.x, Magento 2 Framework, Laravel, Node.js, OOP, Design Patterns, MVC, Dependency Injection |
| **APIs & Integration** | GraphQL, REST, SOAP, Webhooks, Adobe I/O Events, JitterBit, Odoo ERP, Salesforce CRM, Payment/Shipping Gateways, OAuth 2.0 |
| **AI & Emerging Tech** | AI-assisted development, prompt engineering, LLM API integration, MCP, Adobe Sensei Recommendations, Live Search, AI catalog enrichment |
| **Frontend** | JavaScript (ES6+), React, Alpine.js, Tailwind CSS, Knockout.js, RequireJS, jQuery, HTML5, CSS3, LESS |
| **Data & Search** | MySQL, MariaDB, Elasticsearch, OpenSearch, Redis, Oracle, MS SQL Server, query optimization |
| **DevOps & Cloud** | Git, GitHub, GitLab CI, Azure DevOps, Jenkins, Docker, Varnish, RabbitMQ, Microsoft Azure, Apache, Nginx |
| **Quality & Monitoring** | SonarQube, PHP_CodeSniffer, Magento Coding Standards, PHPUnit, New Relic, Core Web Vitals |
| **Tools & Process** | PHPStorm, VS Code, Agile/Scrum, Azure Boards, Jira, ClickUp, Postman, Linux |

## PROFESSIONAL EXPERIENCE

### Team Lead - Adobe Commerce
**Oct 2024 – Present**

*Brainvire Infotech Inc. | Ahmedabad, India*

- Lead a cross-functional team of 8+ developers, QA engineers, and DevOps specialists across concurrent Adobe Commerce Cloud and Enterprise implementations, consistently delivering releases on schedule.

- Introduced AI-assisted development workflows (GitHub Copilot, LLM-based code review) into the team's SDLC, cutting average PR turnaround time by ~35% and improving first-pass code quality.
- Architected headless and composable commerce solutions using GraphQL APIs and React, enabling dynamic product configuration and faster storefront interactions.
- Own solution architecture and technical estimation for pre-sales, translating client requirements into phased delivery roadmaps.
- Established code-quality governance using SonarQube, PHP_CodeSniffer, and Magento Coding Standards across 4+ project teams.
- Mentor mid-level and junior engineers via structured code reviews, pair programming, and knowledge-sharing sessions on Adobe Commerce and AI tooling.
- Partner with client stakeholders on sprint demos, risk assessments, and release planning, maintaining high client retention.

### Senior Software Engineer
**Apr 2022 – Sep 2024**

*Brainvire Infotech Inc. | Ahmedabad, India*

- Designed and developed custom Adobe Commerce modules for enterprise B2B/B2C clients - catalog, checkout, pricing, and order-management customizations.
- Engineered a bi-directional JitterBit integration between Adobe Commerce and Salesforce, improving data accuracy by 99% and eliminating manual entry errors.
- Built an Adobe App Builder application for real-time Adobe Commerce/Odoo ERP integration via Adobe I/O Events, later published on Adobe Exchange.
- Delivered high-performance Hyva storefronts on Tailwind CSS and Alpine.js; refactored the Store Locator module for full Hyva compatibility.
- Executed Adobe Commerce upgrades and security patch cycles across multiple production stores with zero unplanned downtime and optimized database queries, indexing, Redis caching, and Varnish configuration to improve response times and Core Web Vitals.
- Managed Azure cloud resources and automated CI/CD pipelines, shortening deployment cycles.

### Software Engineer
**Mar 2020 – Mar 2022**

*Brainvire Infotech Inc. | Ahmedabad, India*

- Developed and customized Magento 2 modules, themes, and extensions for international clients.
- Integrated third-party extensions, payment gateways, shipping providers, and tax services while preserving upgrade safety.
- Diagnosed and resolved performance/stability issues using New Relic, server logs, and Magento profiling tools.
- Managed Git branching, release tagging, and deployment validation with proactive log analysis.
- Contributed to Magento 1 → 2 migrations, including data migration, theme rebuild, and functional parity testing.

### Magento Developer
**Mar 2018 – Feb 2020**

*Emipro Technologies Pvt. Ltd. | Rajkot, India*

- Built custom Magento modules and storefront features, developing a strong foundation in the Magento framework and MySQL design.
- Implemented Magento–Odoo connector functionality for product, inventory, and order synchronization.
- Resolved production bugs and delivered enhancement requests; supported store configuration and catalog setup.
- Collaborated with designers and QA to translate UI designs into responsive, cross-browser Magento themes.

## AI INITIATIVES & INNOVATION

- **AI-Assisted Engineering Workflow** - Rolled out AI pair-programming and automated code review across teams, with a curated internal prompt library and review checklists.
- **AI-Driven Catalog Enrichment** - Built LLM-powered tooling to auto-generate product descriptions, SEO meta content, and image alt text at catalog scale.
- **Adobe Sensei & Live Search** - Implemented AI-powered Product Recommendations and Live Search to improve product discovery and on-site conversion.
- **Conversational Commerce** - Integrated LLM-backed support chatbots with Adobe Commerce order/catalog APIs for automated order-status and FAQ resolution.
- **MCP & Developer Tooling** - Explored Model Context Protocol (MCP) servers connecting AI assistants directly to Adobe Commerce environments and logs.

## KEY PROJECTS

- **Adobe Commerce Cloud Edition -** Rev-A-Shelf • Who Has It? • Midas Furniture • American Lighting • Melissa • RAK Ceramics • Okapius (Hyva)
- **Adobe Commerce Enterprise Edition -** Tent and Table • TDot Performance • RP Tech India • Tools Plus
- **Magento 2 Open Source -** Noctua • Bokacha • Pool Spot • Deadwood Knives

**ACE Configurator – American Lighting (Headless Commerce)**

- Developed a headless eCommerce solution on Adobe Commerce Cloud using GraphQL APIs and React for dynamic product customization, designed GraphQL queries/mutations for product, pricing, and configuration data.
- Optimized API interactions and component rendering to reduce network requests and improve page load performance.

**Adobe App Builder – Odoo Connector for Adobe Commerce**

- Built a custom Adobe App Builder application for real-time Adobe Commerce and Odoo ERP integration.
- Created event-driven flows using Adobe I/O Events to capture Odoo updates and trigger corresponding Commerce actions.
- Published the connector on Adobe Exchange with full observability via App Builder monitoring and logging.

**Adobe Commerce – Salesforce Integration (JitterBit)**

- Engineered a bi-directional integration synchronizing customer, order, and product data in real time.
- Improved data accuracy by 99% and removed manual data-entry work entirely.

**Adobe Commerce Optimizer (ACO)**

- Configured an ACO demo environment and storefront for evaluation with real catalog synchronization.
- Validated product data consistency and supported storefront configuration/deployment.

**Hyva Storefront Implementations**

- Delivered lightweight, high-performance storefronts using Hyva with Tailwind CSS and Alpine.js.
- Fully refactored the Store Locator module for Hyva compatibility, reducing frontend load time.

## CERTIFICATIONS

- **Adobe Certified Expert – Adobe Commerce Business Practitioner**
- **Adobe Certified Professional – Adobe Commerce Business Practitioner**
- **Adobe Certified Professional – Adobe Commerce Developer**
- **Adobe Commerce as a Cloud Service Foundations**
- **Adobe Commerce Foundations**
- **Adobe Commerce Optimizer Foundations**
- **Adobe Experience Manager Sites Optimizer Foundations**

## EDUCATION

**Master of Computer Applications (MCA)** **2018**
*Saurashtra University, Rajkot, India | First Class with Distinction – 75.66% (Second Rank in University)*

**Bachelor of Computer Applications (BCA)** **2015**
*Shree Swaminarayan College of Computer Science, Bhavnagar (M.K. Bhavnagar University) | First Class – 64.49%*

**Higher Secondary Certificate (H.S.C.) – Commerce Stream** **2012**
*Dakshinamurti Vinaymandir, Bhavnagar (G.S.H.E.B.) | First Class – 67.57%*

**Secondary School Certificate (S.S.C.)** **2010**
*Shree Sitaram Vidhyamandir, Budhel (G.S.E.B.) | Second Class – 48.86%*

## ADDITIONAL INFORMATION

- **Languages** English, Hindi, Gujarati
